

12:10:09 From Michelle Tanner : Some people are not muted and there is background noise. Could you please check your settings to make sure you are muted?

12:22:43 From Jason Franklin : Question – teachers aides meeting 1 on 1 without teachers in NYC (sorry wanted to clarify)

12:24:08 From Fran Bogdanoff : Name of the coaches inservices – would like them to get some help! Thanks – Fran

12:24:58 From Claire Bugen : National Federation of State HS Associations

12:25:04 From Jenna Brooks : TA's are doing both– working in small groups with their teachers present as well as providing separate 1:1 support where appropriate.

12:30:21 From bcarter : Mass governor just announced closure through the end of the year, five minutes ago.

12:30:48 From Jennifer Greenfield : SeeSaw – same for our ECC students/families

12:31:20 From Shauna Bilyeu : Same as Greg. WSD uses SeeSaw for elementary and Google Classroom for secondary. We LOVE SeeSaw!

12:31:59 From Greg Mendenhall : Google Classroom is relatively new at WPSD, but our teachers have picked up on it rather quickly. It's user-friendly and easy to use.

12:32:10 From Jason Franklin : SeeSaw very parent friendly mostly k-5

12:32:56 From Nancy Benham : Colorado Governor announced yesterday that all schools are closed through the end of this school year

12:34:02 From Paula Morabito : ASD is utilizing Google Classroom and Zoom Educational Version. The upgraded Zoom version provides extra levels of security and is HIPAA and FERPA compliant for our related services staff

12:35:32 From Nancy Hlibok Amann : We use Office 365 for practically everything.. highly recommend this if you are looking for something

12:35:44 From Jennifer Greenfield : created a shared Google sheet for tracking staff communication with which students from which towns to have documentation of services/contact made each week.

12:35:45 From Nancy Maguire Heath : For Medicaid reimbursement, monitoring platforms is critical. Each state has different approved platforms that acceptable and are FERPA and HIPAA complainer.

12:35:58 From Nancy Maguire Heath : compliant

12:37:12 From mkrueger : Here in Indiana, the state personnel department developed 'remote log' forms for any staff that work remotely – a practice they usually frown upon until now.

12:37:23 From Claire Bugen : For everything I read the final decisions on compensatory services will rely on the documentation that we maintain during closing so supporting Stacy's comments on this.

12:37:53 From Barbara : Yes, it is really important to document everything.

12:38:08 From Jeff Bravin : Yes agreed...for our tele therapy video conferencing, we use Doxy as it is approved by our State of CT Birth To Three Program so we have several platforms that meets the needs of specific approaches.

12:38:23 From clark Brooke : We use Google Classrooms, Hangout, Zoom

and internal LMS. I agree with what Claire had mentioned, its very important to limit the number of platforms for now. Google classroom have been in use for more than 10 years at CSD. But, we are going to move into Office 365 eventually to streamline everything in a single system.

12:41:13 From Greg Mendenhall : We're holding virtual meetings to remain in compliance with IEP/evaluation timelines. Meetings are occurring via Zoom or Google Meet. School districts and families have been involved.

12:41:42 From Claire Bugen : Ironically IEP meetings is one of the silver linings for us at TSD. They are being conducted on line and we have many fewer re-schedules or cancellations than in typical years.

12:41:43 From Jeff Bravin : Clarke, we struggle with other platforms where video quality is not as good as Zoom or Google Hangouts. We have tried MS Office 365 and their video quality is impaired by several other programs running on the same screen...I know this will be fixed eventually...

12:41:58 From Barbara : Want to point out that there are a lot of resources on CEASD's web site, [www.ceasd.org](http://www.ceasd.org). The one Stacey mentioned about mental health resources is there. If you have resources to recommend please send them to me at [ceasd@ceasd.org](mailto:ceasd@ceasd.org).

12:42:39 From MSA Zoom : We are proceeding with virtual IEP meetings too but postponing evaluations until we can conduct in-person assessments (permission granted by the Minnesota Department of Education)

12:43:28 From Nancy Benham : We are doing virtual IEP meetings but like MN we are postponing evaluations.

12:44:24 From John Serrano : We are doing virtual meetings too but families are being given the option of rescheduling meetings to a later date as long as we obtain written consent and that they understand that we will adhere to the child's current IEP

12:46:28 From Nancy Benham : CSDB has a full time Spanish interpreter on staff

12:49:17 From clark Brooke : In California, we struggle with statewide contractual expectations. We used to have 5 interpreting vendors until we are allowed to choose a vendor that can do 'it all'. This is absurd but, that's the challenge I am having at CSD. Language Line was something we used years ago, gotta take a look into this.

12:50:54 From Claire Bugen : Check your states to see if they are providing free internet access. We just set up five MS students with free Spectrum access.

12:51:30 From Jason Franklin : Is anyone taking notes? (This is great information, don't want to miss anything)

12:54:09 From Rick Hauan : There should be a transcript of the Captioning. This is really great information!

12:54:23 From Nancy Benham : For our staff, our teachers have every Monday for professional development and meetings with their principals. They then have classes Tues thru Fridays for limited times and then give assignments

12:54:28 From Barbara : Yes, there will be a transcript.

12:56:04 From Claire Bugen : Two of my high school staff developed a student etiquette on zoom video that was very well received by students.

12:56:31 From Amy Novotny : Claire- I would love a copy of this.. could you share?

12:56:52 From Barbara : Claire, can you send it to me, and I will post it on our web site?

12:57:02 From Amy Novotny : Thank you!

12:58:53 From Jennifer Greenfield : Likewise (Lexington) - setting up 'ASL Buddy' program for aides and hourly staff to provide ASL support to students' family members.

12:59:05 From Claire Bugen : Russell, thanks for mentioning that. This is a great time to support parents and ancillary staff with sign language classes. We are doing a lot of that with cafeteria staff and bus drivers.

12:59:24 From Nancy Benham : We have also set up virtual social time for our students using Zoom then every other week we open that up to deaf students from public schools in our region.

12:59:38 From clark Brooke : We are having our outreach staff implement zoom ASL classes for families.

12:59:39 From Jason Franklin : Synchronous classes or asynchronous?

12:59:59 From clark Brooke : And to add that we will be offering this to our internal staff as well.

13:00:22 From Jeff Bravin : We are also seeing an increase in staff taking up ASL Classes that we have set up several online ASL Classes now for our staff taught by other staff, it's been very effective with peer to peer teaching.

13:01:05 From clark Brooke : Thank you, Nancy.

13:05:31 From LA SSD : Please share resources

13:08:55 From LA SSD : Im interested in the webinars based on topics

13:10:23 From clark Brooke : This is GREAT, inspiring for me. Good to connect with leaders who are facing similar challenges within our states. Thank you CEASD!

13:11:28 From Nancy Benham : I love this format for all of us! Love the idea of offering the same type meeting for various dept leaders as well.

13:11:33 From Nicole : Absolutely happy to do that. (from Clerc Center :) Will work with Barbara.

13:12:51 From Sarah Glenn-Smith : We have compiled many ASL Resources, and published the TLC Online learning plan here: <https://info.tlcdeaf.org/>

13:13:18 From LA SSD : Does anyone have resources that they can share on ReEntry Plans for post-COVID 19 School Closures?

13:14:24 From LA SSD : GREAT!!!!

13:15:37 From Nancy Hlibok Amann : From Riverside, go to [www.csdr-cde.ca.gov](http://www.csdr-cde.ca.gov) and click on the COVID-19 Updates link for resources

13:16:39 From Barbara : Yes, will be happy to post any resources on our site. Will link the California site, thanks, Nancy!

13:16:55 From Nancy Hlibok Amann : Would love to have a meeting focusing on ESY

13:17:16 From Nancy Maguire Heath : Agreed ESY will benefit from some collaboration.

13:17:30 From Nancy Benham : ESY would be another great topic!

13:17:36 From Claire Bugen : I agree with Nancy. ESY versus compensatory how can they work together to fill gaps.

13:18:03 From MSA Zoom : Additional topic - dorm safety - how to mitigate contagion among residential students and staff
