

12:44:32 Live captions provided by Rev.comOkay.
12:55:41 Yeah.
12:56:28 Good morning, Billy.
12:56:30 It's hard to see your face.
12:56:35 Just because of the lighting. If we could figure that out.
12:56:58 I have names on everybody in the video screen.
12:57:00 The part of the meeting.
12:57:13 I do want to encourage all of you. If you wouldn't mind.
12:57:17 Go ahead and type your name. So on your video screen.
12:57:19 You should have your name.
12:57:27 On the top right corner of your video square.
12:57:29 There should be a blue.
12:57:33 Three dot icon.
12:57:36 And then you can just add which school your friends.
12:57:40 So that we can know where everyone is from and who they are.
12:58:00 Perfect. Perfect.
12:58:03 We got Riverside there. That's wonderful.
12:58:15 We got Arkansas.
12:58:20 Perfect.
12:59:06 Hello, everyone. Hello? Hello.
12:59:08 All right.
12:59:18 Squares.
12:59:23 Everybody.
12:59:34 Yeah. The more people that joined the video, the smaller,
12:59:36 the little squares.
12:59:39 Okay. So it's almost one o'clock.
12:59:41 Eastern time.
12:59:43 Well, Western California time.
12:59:45 Good morning, everybody from the West coast.
12:59:47 Good afternoon.
12:59:49 East coasters or something.
12:59:54 So the CISD guidelines with these meetings is to.
12:59:57 Go ahead and ever run. Stop video.
13:00:00 And will allow the two interpreters to remain on the screen.
13:00:02 As well as the presenter.
13:00:09 For a total of three folks on screen,
13:00:11 I'll make it a lot easier on the eyes.
13:00:12 And if you have a comment.
13:00:15 A question, something to interject in.
13:00:17 You can start your video at that time.
13:00:23 And so we will moderate that and call upon people to make
sure it's
13:00:26 smooth going everybody. Got it.
13:00:28 So go ahead and stop your video at this time.
13:00:32 Okay.
13:00:34 Stop video. Okay.
13:00:43 I know some of you are new to zoom.
13:00:45 And you're unfamiliar with it.
13:00:47 So.
13:00:49 If everyone could please stop video.

13:00:51 Hey there.
13:00:57 Okay, please go ahead and stop video.
13:01:02 And then that way it'll be much easier having just attuned.
13:01:05 Two interpreters and presenter on screen. So please stop your video.
13:01:08 I'm looking at you.
13:01:10 Yep. Go ahead and turn off your video.
13:01:13 Anthony.
13:01:15 Can you turn off your video, please?
13:01:18 Yup.
13:01:24 Okay.
13:01:25 So I'll repeat guidelines since a few of you just joined a slate.
13:01:29 The guidelines for C E S D workshops.
13:01:40 I know we have quite a few participants with ends up cluttering,
13:01:42 the screen, making everyone quite small,
13:01:44 which is very difficult to see people communicating.
13:01:46 So we try to keep as few is.
13:01:47 Up on screen as possible.
13:01:48 That means the interpreters of the presenters.
13:01:50 So we'll just have these three, everyone else.
13:01:52 Please stop your video feed.
13:01:53 Whenever it is that you want to make a comment.
13:01:58 Feel free to use to raise your hand.
13:02:00 You can do that by starting video.
13:02:02 Please be sure to also mute your audio.
13:02:04 Thirdly.
13:02:10 Please rename your screen. So for example, if you see on mine,
13:02:13 it says David Gisela.
13:02:21 And ISD Indiana school for the deaf. So you can do that by right.
13:02:25 Clicking on your image.
13:02:26 There's a blue icon with the three white dots click on that.
13:02:29 You will see remain.
13:02:30 Isn't available option there.
13:02:31 And at that point, you can rename it.
13:02:34 So people will know, Oh,
13:02:35 you're from Riverside or you're joining us from Arkansas or where have
13:02:37 you.
13:02:38 Hi, Tom, please stop video. Okay.
13:02:40 We got your name there,
13:02:41 but please hide or I can hide all the participants as well.
13:02:53 Okay.
13:02:57 So now I can see five people. Tom, please stop your video.
13:03:00 You don't mind.
13:03:02 Can you see me, Tom?
13:03:04 Yes. Hi, please stop your video.

13:03:18 Yeah.
13:03:21 Right now we're having the superintendent meeting.
13:03:26 And so we've got several deaf schools here. They're participating.
13:03:30 We want to ensure all of our children thrive.
13:03:41 And part of that is our mission. And this is just one example.
13:03:44 This is bringing all the schools together to be able to information,
13:03:47 share, talk about athletics, specifically, Thompson you're freezing.
13:03:51 So we want to help you improve.
13:03:52 We don't. We know, oftentimes you're playing against public schools.
13:03:56 Often times they beat us and we see deaf children out in the
13:04:00 mainstream who.
13:04:01 We're playing against these STEM schools and they want to be a part of
13:04:03 it.
13:04:04 And athletics programs are exploding across the nation as a result of
13:04:08 that.
13:04:09 And so part of CA.
13:04:10 His goal is really just to see everyone improve.
13:04:12 So you're deaf children thrive.
13:04:15 All of the things, Texas school for deaf for loaning us,
13:04:17 their athletic director, Chris Hamilton.
13:04:20 Who is also happens to be the president of the NDI AA. So.
13:04:24 He will be leading our discussion.
13:04:28 If you're wanting to join, please raise your hand, Tom,
13:04:31 I'm going to turn off your video for you.
13:04:35 Okay.
13:04:37 There we go.
13:04:48 Okay, so Chris, I will turn the floor over to you.
13:04:50 Remember if anyone wants to make a comment or ask questions,
13:04:53 please raise your hand. Start video. Thank you, Chris.
13:04:57 Thank you to the American school for the deaf, for loaning lending,
13:05:00 your zoom services. Also, thank you,
13:05:02 Katie and Lee to your school for providing interpreters all.
13:05:05 Chris I'll turn the floor over to you.
13:05:06 Great, David, thank you so much.
13:05:08 Right.
13:05:14 A little bit funny to talk to a camera.
13:05:19 I've talking to you, the live person, which I prefer anyways.
Hello,
13:05:22 everyone.
13:05:24 I hope you're all doing. All right.
13:05:25 During this time.
13:05:26 Continuing to stay healthy, stay safe.

13:05:28 I do want to take some time.
13:05:30 Talk about the COVID impact.
13:05:34 The deaf schools and on athletics in general.
13:05:36 All of the cancellations of.
13:05:37 The spring season.
13:05:41 And events and what we're doing during the summer, during off season.
13:05:46 In terms of strength and conditioning and work out some camps.
13:05:49 The questions that we have for the upcoming fall.
13:05:53 I'm sure there are several questions out there still circulating
13:05:55 around.
13:05:56 And unfortunately I think many of us.
13:06:02 Do not have the crystal ball that we need to predict what's going to
13:06:05 happen and what's coming next.
13:06:08 So we are right now just sitting on pins and needles,
13:06:11 wondering what's going to happen.
13:06:12 So I do want to just have a discussion, share some ideas.
13:06:15 Share concerns that may be out there.
13:06:22 I know first before we kind of get into the summer and fall.
13:06:25 Sessions, you know, focusing on spring.
13:06:30 You know, my heart bleeds for those spring season.
13:06:32 Even teams, especially those seniors.
13:06:34 That graduate this year and spring.
13:06:39 Canceled and their season's ending early.
13:06:41 That definitely had a big impact on them.
13:06:42 And I know that many of them were.
13:06:45 Sad that there are seasons. Didn't continue.
13:06:51 Do you feel similarly? Do you feel the same way?
13:06:54 Any comments or questions?
13:06:55 Related to spring.
13:07:12 Okay, well, that's fine.
13:07:16 Hey everyone, please.
13:07:23 Is your opportunity to share ideas, share your stories.
13:07:26 We want to hear from your experiences.
13:07:28 Your platform to have some information sharing, please participate.
13:07:33 And I can even add, you know, did you have some kind of.
13:07:37 Meeting with your spring sports teams.
13:07:41 Explaining the situation, motivating kids, the spring athletes.
13:07:45 Trying to provide that support during this difficult time.
13:07:48 Yeah, I'll go ahead and share if you want me to share.
13:07:55 So I'm also a teacher as well as the athletic director.
13:08:04 We had some classes every day for teaching.
13:08:07 And that was definitely a different experience as opposed to being in
13:08:10 the classroom and having that.

13:08:11 In person interaction and then on zoom.
13:08:13 Just that awkwardness that came with it.
13:08:15 We met weekly.
13:08:16 With our athletics.
13:08:17 Can make with our athletes to make sure that we said, Hey,
13:08:20 And shape, keep working out.
13:08:21 We provided.
13:08:25 20 different exercises that are student athletes could do.
13:08:28 The cardio.
13:08:30 So if they didn't understand the text,

13:17:51 graduation.
13:17:51 graduation.
13:17:53 Oh, it's nice that your kids are coming back to campus for

that.

13:17:55 Commencement ceremony.

13:17:56 In terms of reopening schools.

13:17:59 It varies state by state.

13:18:02 Some of them can, some of them can't. So that's great.

13:18:09 So in terms of sports award ceremony,

13:18:11 I've seen some of you.

13:18:12 Yeah.

13:18:15 You talk about doing a more virtually.

13:18:24 Maybe we can discuss various ideas of what may be needed or what

13:18:28 support so we can share some ideas here. Hey, Andy.

13:18:31 Hello. All. It's good to see you all.

13:18:32 I know this is a tough time for all of us.

13:18:35 For students, senior athletes, parents.

13:18:37 It's a very tough time.

13:18:43 You know, many players are disappointed and sad that you use.

13:18:53 Track and baseball,

13:18:55 softball season's were cut short and canceled and frustrated with all

13:18:58 of the events being canceled. We did have one track meet.

13:19:00 Baseball softball scrimmage.

13:19:02 But after that everything was canceled.

13:19:04 Currently we're working on end of the year award.

13:19:07 And we will be doing that virtually.

13:19:11 Texas did a great job doing theirs.

13:19:13 Thanks. Thanks.

13:19:14 Yeah.

13:19:19 Our students now have really started to kind of worry about the fall.

13:19:22 It seems to have been.

13:19:23 Done and over with for them.

13:19:28 And so they're saying,

13:19:29 are we still gonna have volleyball and football?

13:19:31 Are we going to go ahead with.

13:19:32 You know, the spike out tournament next year. And so.

13:19:35 Everything right now, it's just up in the air.

13:19:42 And we have no answers for them at this time,

13:19:44 but we do keep in touch with our student athletes.

13:19:46 Through Google classroom.

13:19:48 Giving them different workout.

13:19:51 Trying to keep them connected.

13:19:55 And then our graduation has been postponed until August 17th.

13:20:01 The students decided they still wanted an in person at graduation.

13:20:11 So we decided to postpone that until August 17th. And then if we can,

13:20:14 in person, we will proceed. If not,

13:20:16 we will go ahead and do a virtual graduation.

13:20:18 So in terms of graduation, you're not having one at this

time.

13:20:21 For this semester.

13:20:27 Graduation was originally supposed to be tomorrow,

13:20:29 but it's been deferred to August 17th. Okay. Gotcha.

13:20:32 All right. Thank you, Andy.

13:20:37 Aye.

13:20:41 So for award ceremony.

13:20:48 I've seen many schools doing a great job with how they've addressed

13:20:51 that.

13:20:57 We ended up using ScreenFlow, which is a software program.

13:21:00 It was a lot of work to edit it. All of our coaches send videos.

13:21:10 But that screen flow program was relatively user-friendly and we were

13:21:14 able to use that.

13:21:15 I know some people have used movies or other program for that,

13:21:17 but I think the big challenge is.

13:21:22 How do you actually hand out the awards having to figure out how to

13:21:25 actually distribute those to individual students?

13:21:27 So we're going to coordinate that whether we may be.

13:21:30 Sending out notification to families to come stop by the gym and

13:21:33 actually pick up their awards and certificates.

13:21:38 But then we'd also have to stagger to ensure that they're not calling

13:21:41 all at the same time.

13:21:42 So that's something that we're going to coordinate later on.

13:21:44 Any further discussion about warts?

13:21:46 Because if not, I can move on to another issue.

13:21:53 Andy.

13:21:56 I just wanted to jump in.

13:22:06 I was just wondering if it'd be possible for us to have a discussion

13:22:09 regarding fall. I have some of you already canceled the season.

13:22:12 Have some, have you gone ahead and before.

13:22:14 Before with planning.

13:22:15 I'd be very curious to know what schools are planning for

13:22:17 this fall season.

13:22:18 Hey, Andy.

13:22:26 Yeah. So actually this afternoon,

13:22:28 we're going to be having a planning session actually with our

13:22:30 superintendent after this.

13:22:32 We will be meeting to discuss further about the fall and hope to have

13:22:34 more information after that. But.

13:22:35 You know, it's up in the air at the moment.

13:22:41 Hey Renee, go ahead.
13:22:44 Hi. So we here at Tennessee.
13:22:48 Have already decided to cancel our volleyball and football seasons.
13:22:51 We're canceling all sports.
13:22:53 Until we have.
13:22:57 More decision making. We felt that we can safely conduct our seasons.
13:23:04 And so we already have plans for the classroom to come back with
13:23:10 masks.
13:23:13 To, to social distancing, smaller class sizes and what have you.
13:23:17 But we felt that we couldn't cancel the all day.
13:23:20 And then have them go to.
13:23:26 Season and start practice for sports.
13:23:29 So we decided to go ahead and cancel,
13:23:30 and we were really sad about that. It's unfortunate,
13:23:32 but we had to make a decision.
13:23:33 Absolutely. Thank you, Renee.
13:23:34 Carl.
13:23:36 One downside.
13:23:40 About being in New York. Coronavirus has been really bad here.
13:23:43 And so our state governor.
13:23:45 Made the decision.
13:23:50 Every two weeks.
13:23:51 And so that means that we get updates at that time.
13:23:56 Meaning sports is up in the air. So Lexington,
13:23:58 we set up a reopening procedure.
13:24:00 Meaning that we already have four plants in place.
13:24:10 And so we have all these backup plans. So if we opened in July,
13:24:12 what does that mean? If we open in September, what does that mean?
13:24:15 If we opened October, what does that mean?
13:24:16 And then November, December, January was that.
13:24:18 So we have four contingency plans.
13:24:20 If July, that's the plan to move.
13:24:25 As expected with social listening procedures.
13:24:26 If we don't open talk Tobar, then we would cancel our full seasons.
13:24:34 I suspect are reopening. Isn't going to happen until January,
13:24:37 but like many others were up in the air.
13:24:38 We have to rely on the governor to make a decision for our fall.
13:24:40 Hmm.
13:24:41 Hey, Matthew.
13:24:43 Hey.
13:24:47 I'm Matt and I'm here over the Indiana school for the deaf.

13:24:52 So really we're in limbo. As of right now.
13:24:56 We're waiting until probably at least July 1st,
13:24:59 before any decisions will be made.
13:25:00 And so.
13:25:11 As student life director,
13:25:12 we're kind of waiting on the education aspect of it to make
that
13:25:15 decision.
13:25:16 And so we really are facing a lot of unknowns at this point.
13:25:20 That's our position at this time.
13:25:21 I also did one Michonne.
13:25:22 And how we're dealing with awards.
13:25:24 We will be sending out virtual rewards this Friday.
13:25:26 And then after Friday concludes our last day was supposed to
be
13:25:29 June 5th.
13:25:30 So we actually scheduled it June 3rd as the day for parents
to come
13:25:34 and.
13:25:36 Have drop-off because of medications, books, what have you.
13:25:39 And so they're able to do a drive drive by pickup.
13:25:44 At the gym pick up their awards,
13:25:46 any items that had been left in the dormitory.
13:25:50 Then they'd be able to be on their way.
13:25:52 There will be no walking around campus. Only drive by
services.
13:25:54 Thank you, Matthew for sharing. Appreciate it.
13:26:01 Nope. Go ahead. Go ahead, Andy.
13:26:05 Our governor yesterday.
13:26:11 Maybe announcement that you sports can proceed during the
summertime.
13:26:15 That they can get going.
13:26:20 And then for example, daycares can also get going during the
summer.
13:26:31 Special Olympics. They do have some summer events. They can
proceed.
13:26:35 However, it has to be under a certain number of participants.
13:26:39 So day camps will be opening as well.
13:26:41 We expect the high school sports will proceed in the fall.
13:26:44 As long as we're not getting a second wave or we're not
seeing a spike
13:26:47 in cases.
13:26:52 So we're under the assumption that we will go ahead with high
school
13:26:54 sports in the fall and we'll see what happens.
13:26:58 Yeah, I'm interested to know.
13:27:03 Yeah, I, as of right now,
13:27:08 We're trying to figure out what to do with our fans.
13:27:15 There will probably be some sporting events that we can have
fans

13:27:18 there.
13:27:26 It depends on if it's high risk, such as football wrestling,
13:27:29 and then some of those low risk events like cross country
golf,
13:27:33 tennis.
13:27:34 We might be able to proceed with for fans.
13:27:36 All right. Thank you, Andy.
13:27:37 Mason.
13:27:38 Yeah. Hey, make some wood here.
13:27:46 We all are proceeding as if we will be reopening.
13:27:50 We are going ahead with scheduling our season.
13:27:56 It seems that Tennessee is planning to open day camp,
13:27:58 similar to what was mentioned. However,
13:28:00 we are not authorized to have any overnight camps,
13:28:02 so we're planning to proceed.
13:28:03 With business as usual.
13:28:06 And I understand that some other folks in Tennessee are
canceling
13:28:09 their events, such as tournaments.
13:28:20 I know that for our particular league that we participate in,
13:28:23 we have been in discussion about the possibility of moving
forward or
13:28:26 if we would be unable to do that. And if so,
13:28:28 we may have to move our fall sports to the spring time.
13:28:30 Which would have its own challenges.
13:28:31 Ah, thank you, Mason.
13:28:32 Oh, I just want to make sure everyone actually got the N S H
S.
13:28:42 They sent out about reopening of high school athletics and
other
13:28:45 activities. I don't know if everyone had received this
guidelines,
13:28:48 but I think that's a really good place to start.
13:28:49 That if your state does permit to reopening that there's a
lot of good
13:28:52 guidance there.
13:28:53 And they have three different phases built within that for
you to
13:28:55 review.
13:28:56 So we know that this is going to be challenging.
13:29:04 For example,
13:29:05 no water bottles can be shared any issues with the locker
room.
13:29:10 You know, we can't have 30 or 40 kids going into a single
locker room.
13:29:13 They have to be spread out.
13:29:14 Then showers, whole other issue.
13:29:18 Sharing of equipment.
13:29:20 When we have to ensure that all equipment has been sanitized
properly.

13:29:32 And once things have been used, they have to go be and cleaned.
13:29:36 And so a lot of that is going to have to be monitored closely.
13:29:38 We're also looking at testing,
13:29:39 such as such as doing a temperature check items like that.
13:29:42 And so if they have been checked and pass,
13:29:44 they can go ahead with practice. Otherwise not Teresa.
13:29:47 Hi.
13:29:48 So we're.
13:29:49 And the process of phase two.
13:29:50 As opening.
13:30:02 And in the state of California,
13:30:04 they've been very clear that you are expected to follow those
13:30:06 standards, social distancing rules, and what have you.
13:30:08 And so it's really impossible for sports to meet those guidelines that
13:30:11 they've put out. The only thing that we could do that with,
13:30:13 or things like golf, tennis,
13:30:15 Those individual sports.
13:30:16 And then also we're having a 10% budget cuts statewide across
13:30:20 California.
13:30:29 One particular item that was canceled was out of state travel,
13:30:33 regardless of whether it's sports or national competitions,
13:30:35 we're having to get more guidance on what out of state travel was
13:30:38 really referring to.
13:30:40 And so we're hoping to know by late June,
13:30:42 To get some answers about things such as I'll say,
13:30:44 travel answers regarding our budget.
13:30:46 Sporting events or what have you. So we're also still up in the air.
13:30:49 All right. Thank you.
13:30:59 Now related to the N F H S if you have not received that,
13:31:02 please feel free to reach out to me via email.
13:31:04 I'd be more than happy to share this guidelines with you.
13:31:05 If you'd like.
13:31:07 Hey, go ahead.
13:31:13 Yeah, I did receive the NFAs guidelines and I was able to read through
13:31:16 those. And that seems to pose another challenge. As you mentioned,
13:31:20 the sanitation.
13:31:27 And what have you.
13:31:28 So we're going to try our best to be able to do them in
13:31:30 talking about summer here in Indiana,
13:31:32 there's already been some reopening. So for example,
13:31:35 my two children are part of a baseball and softball.
13:31:37 And so they do have specific guidance.

13:31:40 For example in the dugout,
13:31:42 they have to be spread out the cancer closely to one another,
13:31:44 which of course is challenging.
13:31:45 And then for the fans, it's parents only.
13:31:47 Immediate family members only.
13:31:52 There are four friends. Grandparents are unable to be a part
of it.
13:31:56 Only immediate family, which has been interesting.
13:32:04 They're also going to be doing just kind of a check to see
how it goes
13:32:08 at first,
13:32:09 and then we'll expand to all star or travel teams.
13:32:13 And so on, so forth, depending on the success of this.
13:32:16 So they're going to be starting with just a few small games,
13:32:18 see how that goes. And as.
13:32:30 As that expands, they're going to be able to get that.
13:32:32 So they're only gonna do like a game or two per week.
13:32:34 They're not able to have anything over that, even two or
three.
13:32:36 And so we're in the process of that. We're hoping through
that.
13:32:39 That's really going to help us with structuring our own.
13:32:42 Events.
13:32:43 Let's see how we could apply some of those two high school
sports,
13:32:45 but that's similar concept of how to put.
13:32:48 Better social barriers in place.
13:32:49 Within sports.
13:32:50 And then also considering the government and what all they're
putting
13:32:54 out, see what we can do. There'll be best for everybody. Of
course,
13:32:56 health comes first safety as well.
13:32:58 Yeah, definitely.
13:33:10 I know it's so interesting for like college programs.
13:33:12 What are they going to be doing? How they're proceeding.
13:33:14 And we would like to see how they go and kind of piggyback on
those.
13:33:17 It seems like many colleges are already saying guidance and
that's a
13:33:20 lead that we can follow.
13:33:21 I agree.
13:33:22 I know for colleges.
13:33:24 I understand that they are really needing that they're
needing money.
13:33:36 And our focus is more so on students having fun.
13:33:39 And most of our students are just wanting to play.
13:33:40 They're wanting to get back to the sporting arena they want
to play,
13:33:43 which definitely is a difference between pro or college level

sports.

13:33:46 I think what's so interesting.

13:33:47 About what is it?

13:33:49 F H S finger the acronym out.

13:33:51 What's so interesting about their guidelines.

13:33:52 They say it's really up to individual States.

13:33:54 And then I just say,

13:33:55 Says, well, it's up to the schools.

13:33:59 And it seems like no,

13:34:00 one's really willing to make those hard decisions.

13:34:02 They keep putting it on other people.

13:34:11 No, one's really wanting to make those difficult decisions.

It seems.

13:34:13 And so I just find that so interesting.

13:34:15 Take a step back and see how they're doing that.

13:34:17 One thing about guidelines in, sorry.

13:34:20 In F H S.

13:34:21 It says it's something related to a transportation.

13:34:24 I don't know if anyone has made a comment about that,

13:34:27 but it's so interesting there.

13:34:28 Encouraging short distances. Well, what does that mean for us?

13:34:32 That's what I'm wondering and also encouraging the use of vans.

13:34:35 Buses.

13:34:36 But there's no mention of anything else.

13:34:42 So I just find that such an interesting view coming from an FHS.

13:34:45 But again,

13:34:45 But again,

13:34:48 No one's willing to make those difficult decisions are still keeping

13:34:48 No one's willing to make those difficult decisions are still keeping

13:34:50 it vague enough to where everything remains up in the air.

13:34:50 it vague enough to where everything remains up in the air.

13:34:53 Yeah.

13:34:53 Yeah.

13:34:54 Ooh.

13:34:54 Ooh.

13:34:58 Team buses.

13:34:58 Team buses.

13:34:59 Can you just imagine it's all going to be very interesting.

13:34:59 Can you just imagine it's all going to be very interesting.

13:35:01 Hey.

13:35:01 Hey.

13:35:03 Hi, I'm Ron.

13:35:03 Hi, I'm Ron.

13:35:06 And I'm from WSD, Washington.

13:35:14 One similar issue to everyone else has mentioned opening his sole
13:35:17 question, Mark.
13:35:17 question, Mark.
13:35:18 Budget is another big concern. As of right now.
13:35:18 Budget is another big concern. As of right now.
13:35:25 The state is under funded.
13:35:25 The state is under funded.
13:35:26 And so we're concerned about that and we're going through that

13:35:28 budgetary process right now.
13:35:28 budgetary process right now.
13:35:29 We're going to be making a proposal to the government. That's Friday.
13:35:29 We're going to be making a proposal to the government. That's Friday.
13:35:32 And then the third issue that we're facing.
13:35:32 And then the third issue that we're facing.
13:35:40 Is it where residential school as well.
13:35:40 Is it where residential school as well.
13:35:42 And we're roughly looking at a 50,
13:35:42 And we're roughly looking at a 50,
13:35:43 50 split between residential and day students.
13:35:43 50 split between residential and day students.
13:35:46 And so we're looking at how that's going to impact our sports as well.
13:35:46 And so we're looking at how that's going to impact our sports as well.
13:35:51 It's possible that some of our residential students will choose to
13:35:51 It's possible that some of our residential students will choose to
13:35:54 actually stay home.
13:35:54 actually stay home.
13:36:05 During the week and then half come back one week have come back
13:36:05 During the week and then half come back one week have come back
13:36:08 the following week doing like a staggered schedule.
13:36:08 the following week doing like a staggered schedule.
13:36:11 And so that could have a big impact.
13:36:11 And so that could have a big impact.
13:36:12 Are we going to have enough players for each team and things like

13:36:12 Are we going to have enough players for each team and things like
13:36:15 that?
13:36:15 that?
13:36:16 Challenging for sure.
13:36:16 Challenging for sure.
13:36:23 Just to add a comment to what Washington was just saying in talking
13:36:23 Just to add a comment to what Washington was just saying in talking
13:36:26 about half students coming back during the week and
13:36:26 about half students coming back during the week and
13:36:28 the following week, the other half.
13:36:28 the following week, the other half.
13:36:33 And so it'd be so nice to know what the standard is.
13:36:33 And so it'd be so nice to know what the standard is.
13:36:36 So we have 150 students that means 75 and 75.
13:36:36 So we have 150 students that means 75 and 75.
13:36:38 But what about schools with like 175 kids?
13:36:38 But what about schools with like 175 kids?
13:36:40 Does that mean?
13:36:40 Does that mean?
13:36:45 That they're going to do, you know,
13:36:45 That they're going to do, you know,
13:36:47 if I'm just thinking about how we do this splits,

13:36:49 I just think it's so interesting about how they figure out this
13:36:49 I just think it's so interesting about how they figure out this
13:36:52 number. It's very true.
13:36:52 number. It's very true.
13:36:53 Hey, Mary.

13:37:10 And their school Rochester is also New York,

13:37:16 It's just completely different scenario.
13:37:16 It's just completely different scenario.
13:37:17 I know in F H S had set up a framework for opening.
13:37:17 I know in F H S had set up a framework for opening.

13:37:21 But each region is going to have to set up their own guidance as well.
13:37:21 But each region is going to have to set up their own guidance as well.
13:37:24 And it's going to really vary across the board.
13:37:24 And it's going to really vary across the board.

13:37:28 Right now we have found that.

13:37:34 Distance learning for the summer is going to continue.
13:37:34 Distance learning for the summer is going to continue.
13:37:38 Whereas in the fall,
13:37:38 Whereas in the fall,
13:37:39 we're not sure what that's going to look like as of yet.
13:37:39 we're not sure what that's going to look like as of yet.
13:37:46 Right now we're planning that yes, fall sports are going to happen.

13:37:50 We're trying to remain optimistic about it.
13:37:50 We're trying to remain optimistic about it.
13:37:51 It's possible. We may have to use plan B, if not, and we'll just see.

13:37:54 Thank you, Mary.

13:38:04 Much better.
13:38:04 Much better.
13:38:10 I can't see.
13:38:10 I can't see.
13:38:19 Hold on a second. Let me try to close these windows.

13:38:30 Hi Lee. Hi, Jesse.
13:38:30 Hi Lee. Hi, Jesse.
13:38:34 Hi, Katie too. So.
13:38:34 Hi, Katie too. So.
13:38:42 As you know, that they are making the decision,
13:38:42 As you know, that they are making the decision,
13:38:45 it's all above our heads. It's who will make that decision.
13:38:45 it's all above our heads. It's who will make that decision.
13:38:53 But they let us know that if, well,
13:38:53 But they let us know that if, well,

13:38:56 really the South section in North section are very different.
13:38:56 really the South section in North section are very different.
13:38:57 What they're experiencing so far,
13:38:57 What they're experiencing so far,
13:38:59 they've said that they're going to follow the school district.
13:38:59 they've said that they're going to follow the school district.
13:39:02 So for example,
13:39:02 So for example,
13:39:03 It's also up to the league.
13:39:03 It's also up to the league.
13:39:04 So if my league entirety.
13:39:04 So if my league entirety.
13:39:13 If all of them are able to open in the fall,
13:39:13 If all of them are able to open in the fall,
13:39:15 then we would probably be able to proceed with games and matches that
13:39:15 then we would probably be able to proceed with games and matches that
13:39:18 there's a few different matches. One is to go as scheduled,
13:39:18 there's a few different matches. One is to go as scheduled,
13:39:21 have full season and fall.
13:39:21 have full season and fall.
13:39:30 There's possibility that it would be lead game only.
13:39:30 There's possibility that it would be lead game only.
13:39:33 It's possibility that if some schools within that league or not
13:39:33 It's possibility that if some schools within that league or not
13:39:36 opening and others are,
13:39:36 opening and others are,
13:39:37 then that means that it's a possibility of canceling for that league.
13:39:37 then that means that it's a possibility of canceling for that league.
13:39:41 And then that therefore could impact play offs.
13:39:41 And then that therefore could impact play offs.
13:39:43 So we're really going to have to probably wait on school districts.
13:39:43 So we're really going to have to probably wait on school districts.
13:39:46 Whereas we, as a state school,
13:39:46 Whereas we, as a state school,
13:39:47 We're looking at CF CDE as well.
13:39:47 We're looking at CF CDE as well.
13:39:50 And so that's really challenging for us.
13:39:50 And so that's really challenging for us.
13:39:52 And then in Southern California,
13:39:52 And then in Southern California,

13:39:54 All the state universities have announced that they're going to
13:39:54 All the state universities have announced that they're going to
13:39:56 continue with the e-learning during the fall semester.
13:39:56 continue with the e-learning during the fall semester.
13:40:01 So people are now wondering that as a state school,
13:40:01 So people are now wondering that as a state school,
13:40:03 does that mean we're going to have the same sort of impact on us?
13:40:03 does that mean we're going to have the same sort of impact on us?
13:40:06 And so really we're going to be falling.
13:40:06 And so really we're going to be falling.
13:40:21 CF and CDE see what they do, but you're right.
13:40:21 CF and CDE see what they do, but you're right.
13:40:23 It's going to be a huge challenge.
13:40:23 It's going to be a huge challenge.
13:40:24 So you get transportation lockers and locker rooms,
13:40:24 So you get transportation lockers and locker rooms,
13:40:27 the fans concession sales. How do we social distance concession sales,
13:40:27 the fans concession sales. How do we social distance concession sales,
13:40:30 different types of ordering? What have you?
13:40:30 different types of ordering? What have you?
13:40:32 There's a lot of logistics involved, more so than people realize.
13:40:32 There's a lot of logistics involved, more so than people realize.
13:40:35 You're on mute still, Katie.
13:40:35 You're on mute still, Katie.
13:40:36 For sure.
13:40:36 For sure.
13:40:37 It's still gonna be a lot of work to plan all of this.
13:40:37 It's still gonna be a lot of work to plan all of this.
13:40:40 And just get all of the logistics in order.
13:40:40 And just get all of the logistics in order.
13:40:42 I read one article recently that said, you know,
13:40:42 I read one article recently that said, you know,
13:40:45 And the team.
13:40:45 And the team.
13:40:46 Sports are open in the fall.
13:40:46 Sports are open in the fall.
13:40:47 There's going to be, you know, an impact if even one student.

13:40:50 Gets COVID-19.
13:40:50 Gets COVID-19.
13:40:52 Then the team is done for their season.
13:40:52 Then the team is done for their season.

13:40:56 Because they have socialized amongst that player.
13:40:56 Because they have socialized amongst that player.
13:41:00 And so the, the remaining of the team is going to have to stay home.
13:41:00 And so the, the remaining of the team is going to have to stay home.
13:41:03 Quarantine for a set amount of time. And.
13:41:03 Quarantine for a set amount of time. And.
13:41:05 Then that's going to hold up a season.
13:41:05 Then that's going to hold up a season.
13:41:08 Our cancel his season.
13:41:08 Our cancel his season.
13:41:11 So we have to be prepared for that.
13:41:11 So we have to be prepared for that.
13:41:13 You know,
13:41:13 You know,
13:41:22 Not only athletes,
13:41:22 Not only athletes,

13:41:26 contracted coronavirus.
13:41:28 That is also going to have a huge impact on any athletic seasons.
13:41:28 That is also going to have a huge impact on any athletic seasons.
13:41:31 So we have to really think about all of the different facets of this.
13:41:31 So we have to really think about all of the different facets of this.
13:41:33 I think Matthew popped up, but then he.
13:41:33 I think Matthew popped up, but then he.
13:41:35 There we go. Okay. Hey, Matthew.
13:41:35 There we go. Okay. Hey, Matthew.
13:41:37 Hi there. Hi everyone.
13:41:37 Hi there. Hi everyone.
13:41:43 So I think we're all just in the same boat.
13:41:43 So I think we're all just in the same boat.
13:41:45 We have so many what ifs floating around.

13:41:58 back to work on July 1st can be on campus.
13:42:00 But within the next few weeks, that could change. So again,
13:42:00 But within the next few weeks, that could change. So again,
13:42:03 it's still an unknown.
13:42:03 it's still an unknown.
13:42:04 And in terms of both.
13:42:04 And in terms of both.
13:42:05 The predictability is just not there.
13:42:05 The predictability is just not there.
13:42:12 We have,
13:42:12 We have,
13:42:13 let parents know that everything is fluid and where you'd

13:42:21 You know, we have to make sure that our kids remain safe.
13:42:21 You know, we have to make sure that our kids remain safe.
13:42:29 And a lot of parents are asking that question of how can you

make sure
13:42:32 that my kid is safe?
13:42:32 that my kid is safe?
13:42:34 And so there's some concern there from the parents and.
13:42:34 And so there's some concern there from the parents and.
13:42:36 You know,
13:42:36 You know,
13:42:38 if something happens for reduction in Fort seasons or
athletics,
13:42:38 if something happens for reduction in Fort seasons or
athletics,
13:42:41 is that gonna be enough?
13:42:41 is that gonna be enough?
13:42:42 I mean, in terms of the state.
13:42:42 I mean, in terms of the state.
13:42:44 Statewide, you know, up North, we have a lot of rural areas

13:43:07 Yeah, for sure.
13:43:07 Yeah, for sure.
13:43:08 Okay.
13:43:08 Okay.
13:43:14 Yeah, I think we all already have this in the back of my
mind,
13:43:14 Yeah, I think we all already have this in the back of my
mind,
13:43:16 but I think it's worth mentioning.
13:43:16 but I think it's worth mentioning.
13:43:22 That there are just a lot of things, again, quote unquote,

14:03:09 A lot of unknown folks, how are they doing screenings there?

14:03:15 And so it's caused people to pause and take a step back. And so,
14:03:15 And so it's caused people to pause and take a step back. And so,
14:03:19 for example, I know like the spike out in Maryland,
14:03:19 for example, I know like the spike out in Maryland,
14:03:21 Last thing I heard Marilyn was a bit of a hotspot.

14:03:51 I can't deny that request.
14:03:51 I can't deny that request.
14:04:03 And so that's one thing. Definitely. So that's one thing, for example,
14:04:03 And so that's one thing. Definitely. So that's one thing, for example,
14:04:06 let's talk about volleyball team. We have a volleyball team here,

14:04:08 but when time comes for the spike out,

14:04:09 we may have our numbers decreased because parents are not comfortable.
14:04:09 we may have our numbers decreased because parents are not comfortable.
14:04:12 And so it's a huge challenge for sure.
14:04:12 And so it's a huge challenge for sure.

14:07:51 And in the fall for unable to go out of state,

14:07:53 unable to go great distances,
14:07:53 unable to go great distances,

14:08:33 So if we are able to host not one,

14:09:04 Theresa.
14:09:04 Theresa.
14:09:05 Really have a question.
14:09:05 Really have a question.
14:09:10 In these discussions,
14:09:10 In these discussions,
14:09:12 how soon do we want to be informing our athletes?
14:09:12 how soon do we want to be informing our athletes?
14:09:21 Because athletes are keeping their eyes peeled,

14:09:32 I want to be thinking about our athletes because they are
keeping an
14:09:35 eye out.
14:09:35 eye out.
14:09:36 Very true.
14:09:36 Very true.
14:09:41 Wait.
14:09:41 Wait.
14:09:53 I'm just speaking of national tournaments.
14:09:53 I'm just speaking of national tournaments.
14:09:54 I know that our athletes are very motivated,
14:09:54 I know that our athletes are very motivated,
14:09:57 keeping an eye out for any of this national tournaments.
14:09:57 keeping an eye out for any of this national tournaments.
14:10:00 And similar to what Andy said is that we are supplying to

14:10:05 Solar, what he suggested I would go the same route.
14:10:05 Solar, what he suggested I would go the same route.
14:10:07 So we are working on doing some of that scheduling.
14:10:07 So we are working on doing some of that scheduling.
14:10:15 As far as the national tournaments are concerned.
14:10:15 As far as the national tournaments are concerned.
14:10:17 If we make a decision to put those on hold for a year,
14:10:17 If we make a decision to put those on hold for a year,
14:10:19 or what have you.
14:10:19 or what have you.
14:10:20 Some athletes might.
14:10:20 Some athletes might.
14:10:22 Yeah, what's the point out when we a part of it.
14:10:22 Yeah, what's the point out when we a part of it.
14:10:26 And we really want to still amp up that motivation for our
athletes,
14:10:26 And we really want to still amp up that motivation for our
athletes,
14:10:29 even if there's no national tournaments for them participate
in.
14:10:29 even if there's no national tournaments for them participate

14:10:50 I know with ISD,
14:10:50 I know with ISD,

14:10:51 there's no real regional tournaments available to our students.
14:10:51 there's no real regional tournaments available to our students.
14:10:53 They're only going to national tournaments.

14:11:03 more local tournaments and even considering hosting something locally.
14:11:03 more local tournaments and even considering hosting something locally.
14:11:06 And so that's a worry for our athletes that ISD.
14:11:06 And so that's a worry for our athletes that ISD.
14:11:08 Because if they see there's no national tournaments,

14:12:27 we actually have a different perspective looking at like the award
14:12:27 we actually have a different perspective looking at like the award
14:12:30 system,
14:12:30 system,
14:12:31 all that is different from usual and not being able to have the

14:12:52 motivated. Of course they want the end person.
14:12:52 motivated. Of course they want the end person.
14:12:54 Physical aspect of it. But Chris Wade, I think, as you mentioned,
